

CUMULATIVE AUTHOR INDEX, VOLUMES 11-16

The first cumulative author index of the *ADFL Bulletin* covered volumes 1-10 (1969-79). While we have published a yearly author index for volumes 11-16 and will continue to do so, ten years seems too long to wait for another cumulative index. Instead, we have decided to publish a cumulative index this year, covering volumes 11-16, and plan to do so again in 1989 for volumes 17-20.

We still believe a subject index would be very useful, but it remains beyond our current staffing capacity. We stand ready, however, to assist any qualified researcher interested in developing such an index as a source of information on the history of our profession.
